"Ladies and gentlemen... GET ON YOUR FEET!"

"Because the man you're about to hear from didn't start at the top."
"He went from growing up in the projects... to building businesses... advising entrepreneurs... and becoming one of the voices helping business owners turn what they know into something that actually MAKES MONEY."

"He's a TEDx speaker... an award -winning entrepreneur... the founder of Profitable Pro, Inc.... and the creator of The Profit Flow TM , a business growth system designed to help coaches, consultants, experts, and service -based entrepreneurs turn attention into prospects... prospects into premium clients... and clients into even MORE opportunities."

"He spent four years helping thousands of business owners grow as Alabama's Grow with Google Coach."

"Today, he helps entrepreneurs stop guessing... stop chasing random marketing tactics... and build the MARKETING, SALES, SYSTEMS, and AI they need to create predictable growth."

"He's taken his message from the projects to prisons... from classrooms to boardrooms... from community organizations to major stages."
